

UNITED STATES OF AMERICA  
POSTAL REGULATORY COMMISSION  
WASHINGTON, DC 20268-0001

Statutory Review of the System  
for Regulating Rates and Classes  
for Market Dominant Products

Docket No. RM2017-3

PARCEL SHIPPERS ASSOCIATION MOTION  
FOR LEAVE TO FILE CORRECTED COMMENTS

(February 5, 2020)

The Parcel Shippers Association (PSA) hereby moves for acceptance of a corrected version of its February 3, 2020 comments filed in this docket. In the original comments one line of the quote in the last paragraph on page 9 was dropped causing a run in to the following paragraph. Then two paragraphs should read:

In its 2017 PSA Comments, PSA said it “believes that the Postal Service is very transparent, disclosing a massive amount of information, much more than its competitors disclose, each year as part of the annual compliance process and when it files rate adjustments. While this objective does not apply to the ratemaking system for competitive products, PSA believes that the Commission has also properly balanced disclosure and oversight for competitive products.” 2017 PSA Comments at 6.

The RNPRM limits the time for mailers and other interested parties to provide comments on proposed market dominant price adjustments extending the comment period to 30 days for new rate proposals and 10

days for amended rate proposals. The time for the Commission to review proposed rate changes would increase from 45 days to 90 days. These changes reduce somewhat pricing flexibility for the Postal Service.

A corrected version of the comments will be filed separately.

Respectfully submitted,

James Pierce Myers
